Assembled Dimensions

Width 1300mm • Height: 960mm • Depth: 400mm

Pop Up Counter Frame Assembly Instructions

Contents

- x1 Collapsible Frame
- Supports with double magnetised strips
- x10 straight supports (vertical support)
- x4 Slightly curved supports (horizontal support)
- x4 curved supports (horizontal support)
- x6 long curved supports (horizontal support)
- Polythene PVC backing sheet
- Magnetic tape

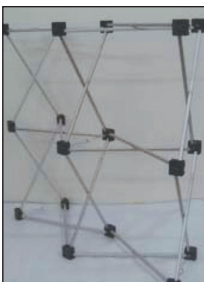

Step 1

Expand collapsible frame.

Step 2

Push together to make hooks catch.

Step 3

Frame is now stable.

Step 4

Starting at the front in the middle at the bottom, begin inserting the vertical strips. First put the pointed end into the connector, then slide the top into the groove.

Step 5

Continue until you have positioned all vertical supports. It is not necessary to place them at the back in the middle.
