FENCE WRAP

Maximise your brand exposure & make your site secure & private. All fence wraps come with welded hems for extra strength & durable metal eyelets at 400mm spacings. We have three grades to choose from; Max, Lite or Flow.

MAX

STRENGTH	▓▓▓▓▓
HIGH WINDS	▓▓░░░
PRIVACY	▓▓▓▓▓
PRINT QUALITY	▓▓▓▓▓

Max is your go to product for quality images. It's close weave gives you maximum privacy and a bigger surface area for lots of ink – more detail and brighter colours.

SIZES AVAILABLE
1.8m high x 50m length rolls. Custom cut panels - 1.8m high x required length.

LITE

STRENGTH	▓▓▓▓░
HIGH WINDS	▓▓░░░
PRIVACY	▓▓▓▓░
PRINT QUALITY	▓▓▓▓░

Lite is the mesh with the best of both worlds, a bit of Max and a bit of Flow. You'll get pretty good privacy and a fair amount of wind can pass through. You won't get fine detail, but the image quality is on the money and colours retain their vibrancy.

SIZES AVAILABLE
1.8m high x 50m length rolls. Custom cut panels - 1.8m high x required length.

FLOW

STRENGTH	▓▓▓▓░
HIGH WINDS	▓▓▓▓░
PRIVACY	▓▓▓░░
PRINT QUALITY	▓▓▓░░

Flow is our most popular fence mesh, being the most comparable product to it's inferior cousin Shade Cloth. The open weave lets ample wind through, but in doing so, sacrifices a bit of image detail and vibrancy. That said, it is a stunning product that will serve you well.

SIZES AVAILABLE
1.75m high x 50m length rolls. Custom cut panels - 1.75m high x required length.

CANVAS PRINTING

Give a gift with meaning. A special photo or your artwork printed onto stretched and framed canvas makes a great gift for family or friends.

Canvas prints look professional and modern. They can be great advertising in your shop or office. Why not add your company logo to the image? Its inkjet coating is specifically designed so it can be stretched over a frame and resist cracking.
